

BuzziVille

— by Alain Gilles

Upholstered workstations

BuzziVille allows you to develop your own little village in the office, complete with social interaction. You become the architect of your own workplace. The concept of BuzziVille stemmed from the idea that it ought to be possible to combine private cocoons in the of office with more informal and accessible meeting rooms. This allows people to work in peace as well as spending time with colleagues to brainstorm and socialize. The result is an extremely flexible and modular freestanding system that can easily be rearranged.
