*Model with mesh & canvas*

*Model with upholstery*

*Model fully upholstered*

However you twist and turn it: **ixo®** style convinces. Despite sophisticated upholstery technique all **ixo®** models feature consistent aesthetics - equipped with breathable mesh back, fully upholstered with fabric or plastic back and upholstery. This trio is available with four different synchronizing mechanisms which provide a dynamic sitting position at all times.

ixo® – The trio for perfect sitting comfort

## ixo® | with mesh and canvas

More design options are not possible! The ixo® breathable backrest – with black (optionally coloured) mesh on the front and fabric canvas on the back – offers every imaginable flexibility in the choice of colours and upholstery materials. In addition, stylish or fun accents can be set with black or polished optional equipment and accessories. These will fully meet individual and corporate design requirements.

## ixo<sup>®</sup> | upholstery

Colourful variety for beginners: The upholstery of this classic **ixo<sup>®</sup>** model can be covered with all materials - and optionally be refined with mesh trims as style characteristic element. The design is completed with the backrest's matt plastic shells distinctive grain. Thus, the **ixo<sup>®</sup>** is an eye-catcher in the office - and is therefore the perfect model, even for demanding users.

## ixo<sup>®</sup> | fully upholstered and headrest

Exclusive and futuristic design: In terms of comfort and elegance nobody fools the **ixo<sup>®</sup>** in the fully upholstered version! The entire backrest is comfortably padded and covered with fabric. This **ixo<sup>®</sup>** gives you individual freedom of design: The backrest's back and headrest as well as the trims can optionally be covered in mesh. As you can see, the **ixo<sup>®</sup>** convinces in every aspect.

Matt appearance |  
The back shell's back is  
finely grained.
