

Foro

An optimal combination of the most important assets of a complex layout and a small piece of furniture – Foro reception desk is a fully functional solution.

A form inspired by cubism that consists of interlocking rectangles is fulfilling both aesthetic and practical roles. A diverse size of elements allows serving guests while standing or sitting. Moreover, such solution is also

a convenience for disabled customers. The higher front can also work as a handy storage for documents. Foro is a unique desk that comes in various options. Enthusiasts of traditional design can go for a natural colour schemes, whereas white gives the reception a modern character. A glossy front contrasts with the matt finish while the universal design makes Foro a perfect solution for many interiors: from a beauty studio to a law firm.
