

# Tera

**Classic and timeless – Tera reception desk meets the expectations of those who favour simplicity and universal forms.**

The combination of glossy HPL elements, with white or wood-like melamine plate that breaks the conservative patterns, is subtly indicating elegance

and prestige. Modular desk provides possibilities of creating various layouts: from small to complex workstations depending on the needs. By employing the low module with overhang worktop, the desk eases the communication with disabled customers. Tera is a perfect fit for a reception of law firms or hotel lobbies where it delicately highlights the high quality of service.
